Osprey II – Specifications And Features

The next generation Osprey II is engineered to perform in the most diverse operating environments. Built on a low profile conventional chassis, this sweeper can excel in any location. 35 years of inspired design and field testing have culminated in the best-in-class sweeping performance of the Osprey II. The advanced hydraulic system has the power to sweep anything you throw in front of it. Reliable quiet operation lets you clean where no other sweeper can. Powerful, silent and efficient. There is simply nothing else like it.

ADVANTAGES

- **Advanced Hydraulics** – Generate power and reliability where you need it most
- **“Stealth Sweeping” System** – Single engine hydraulic design delivers the quietest performance of any sweeper
- **5 year warranty** – longest warranty of any sweeper manufacturer
- **Lowest Cost of Operation** – No auxiliary engine delivers performance with efficiency
- **Customized Application** – Dual Steering, specialized cameras, custom paint we can build your perfect unit
- **Low Profile** – Conventional cab and hopper design give you access to low clearance areas
- **Innovative Controls** – User friendly controls customized for operators
- **Longevity** – NiteHawk has been producing sweepers for over 45 years.
- **Support** – full service dealerships and factory support throughout the US
- **Driver Friendly** – Simple operation, training and No CDL requirement
